Need At Least \$250 To Fill All Stockings

Money Needed To Make
Tots Warm And
Happy At Christmas

The Christmas Stocking Fund grows slowly. About \$375 is needed to pay for the clothing, toys and candy which will go into the boxes to be distributed to the neediest children of Newmarket at Christmas time.

About \$75 was raised through the barrels of coppers day and \$55.50 has been donated in response to the newspaper appeal. Santa urgently needs the money. He is behind his collections of last year, and yet he has just as big a job to do.

If this were the day before Christmas you would give without counting the cost, and you will give then to some Christmas cause anyway. To look after so many children efficiently, without marring the Christmas of a single needy child, Santa needs the money now. He needs to make his purchases and to make his plans.

Will you join those who are giving, and send in your gift in time for acknowledgement in next week's issue?

JUSTICE COLD COLLEGE TOLD

Beautiful Christmas Service
Held At Pickering
Sunday

An impressive and beautiful Christmas service for staff, students and old boys took place at Pickering College on Sunday evening. A candlelit altar gave the Yuletide atmosphere.

Simply marked the service. Various members of the staff and student body helped to lead the service.

Miss Jean Robinson sang two beautiful solos: "How beautiful are the feet of them that preach the gospel of peace" from Handel's Messiah, and "Tchakovsky's 'Christ when a child.'"

J. W. Holmes of the staff read the Christmas story as told by Luke and Headmaster Joseph McCulley read the Christmas story as told by Matthew.

Three students, C. Baker, A. Johnston and R. Lewis, sang with excellent voices. "We three Kings of Orient Are." C. R. Blackstock led the glee club in the singing of the first Canadian Christmas carol translated into English from the French of Father Brebeuf, telling how "chiefs from far before Him knelt, with gifts of fox and beaver pelt."

"I suppose that it would be hard in the entire world of literature to find a story that, for its beauty and poetry, could equal the story of the birth of the child Jesus," said Mr. McCulley in a short talk "Christmas and its meaning in 1937."

"The life of this child very humbly born in an out of the way province of the Roman Empire has become the focus of all history," said Mr. McCulley. "I suppose we write day after day '1937 A. D.' without stopping to realize that 'A. D.' means 'Anno Domini,' 'in the year of our Lord.'"

"It would be difficult to put a finger on any other individual in history who has made such a contribution to the life of man. 'Jesus taught us that there is something greater than justice, that straight justice by itself is an extremely cold thing. Love, friendship, sharing, co-operation, the spirit of friendly understanding is the power supreme over everything else on earth.'"

"The shepherds pursued their work with a simple devotion to duty. That story is a symbol of what all of us may expect. We may think our tasks are humdrum, but in the final analysis the vision of life comes best to those who pursue their daily tasks with faithfulness."

"I like the story of the three wise men," said Mr. McCulley. "The significant thing is that you have three men coming from outside the Jewish race. Three complete outsiders are brought to share in that birth. The message of Jesus is not for the Jews only, not for any one race. While Christmas is commercialized to an extent that we may well regret, there is underneath it this most significant message. There is in man the divine, the capacity for good. The forces that will prevail are the forces of truth, of right, of love, of friendship."

Expect New Men For Ice Practice Tonight

Art Randall Pleased With
Showing At First
Two Practices

Candidates for Newmarket's intermediate hockey squad had their first two practices on Monday and Tuesday evenings. Twenty-eight men turned out and four or five more are expected to be on hand at the local arena for a third work-out tonight.

Art Randall, coach, was more than pleased with what he saw the first two times out, and sees the making of a real team.

Bill Kitto has been appointed trainer. An order was placed this week for all new equipment. The boys will turn out very smart in new sweaters, in a new design of the familiar red and white.

The arena is worth visiting. All lights have been replaced with 500-watt bulbs. The hockey cushion has been repainted. All the dressing-rooms, halls and waiting-rooms have been repainted. Twelve feet have been added to the players' bench.

A new scoreboard and time clock have been replaced in the arena through the agency of J. L. Spilllette.

The schedule is to be drawn up tomorrow night at Sutton. J. L. Spilllette, president; Chas. Holmes, vice-president, and Stan Smith, manager, will represent the Newmarket club.

It is possible that the opening game will be played on Dec. 28, and it is probable that the local team will play a couple of exhibitions in the meantime.

What a wealth of material turned out for the first two practices! Going in mid-season form, Sonny Townsley was playing a brainy game of hockey at his old

centre berth. Bernard Draper, Mount Albert right wing, was going great guns. Austin Hunt, Bracebridge boy, who played with Bradford intermediates last year, was better than ever.

"Wink" Bernard, of last year's Aurora juniors was putting lots of speed into the right wing position.

Bob McCabe, left wing, and Joe Peat, defence, both with last year's team, turned in real games.

Harvey Gibeay, left wing, who played only one game last year, played a great game this week. Doug May, centre last year, was in mid-season form after a try-out with Lester Patrick's Hamilton squad.

Bill Roberts, last year's stone-wall defence man, will report tonight for the first time.

Harry Brammer, with the Davis tannery last year, showed up to advantage in the left wing position.

Trying out for goal were Bob Peters, last year's star, Mickey Smith, second string last year, and Pete Dillman, back in harness after a couple of years lay-off.

Dick Hunter, George Lang, Max Ogilvie, "Kewpie" McEwan, all with Bradford last year, turned in nice games.

A Newmarket boy, Ken Woodcock, with Aurora juniors last year, made a good showing in defence position.

Mayor Appeals For Skates For Town's Needy Kiddies

Rink Will Be Built For
Youngsters On Fairy
Lake

The kids are likely to get plenty of skating and hockey this year. The ice at the pond is being kept clear by unemployed men and the town will probably purchase second-hand boards from Pickering College so that the youngsters can "play the boards."

A second piece of ice, without boards, will be kept clear for skaters, Mayor Dr. S. J. Boyd stated.

Dr. Boyd requests that anyone having discarded skates and boots in their attics donate them for the use of youngsters not having skates at the present time. If they are sent to Dr. Boyd's home, he will see that they go to worthy persons.

HOCKEY CLUB IS RICHER BY \$160

The amateur night for the hockey club last Friday evening was a big success, rolling \$160 into the club coffers. The club has raised \$140 previously in other ways.

Club President J. L. Spilllette introduced the joint masters of ceremony, "the one and only" Charlie Conacher and "the second to none" Harold "Baldy" Cotton.

The hall was packed to the doors. Some were turned away. Tap dancing, aerobics and singing were the chief stock-in-trade of the evening. Mr. and Mrs. Mulholland of Stroud, with their saw and piano, and their singing, were outstanding.

The guest artist, Jackie McCreight, Toronto xylophonist, playing Christmas carols and "I love you truly," was a knock-out. Warner Sedore, Pauline Duffy and Fleming Young won turkeys. J. H. Daly and Frank Keats won geese. Jack McCreight won a pair of chickens.

Two friends, who had not seen each other for 20 years, met. One had a ten-year-old girl by the hand, and in response to an interrogative glance by the other, said: "You did not know that I married 12 years ago?"

"No," said the other. "I congratulate you." And turning to the little girl, he said: "And what is your name my dear?" he asked.

"I'm named for my mother," she said. "Ah, in that case your name is Mary." How did he know?

COMPLETES COURSE

Constable James Sloss has returned from a four weeks course in police work in Toronto. Constable Kenneth Mount will take a similar course in the spring.

HELP BUY CANDY FOR SANTA CLAUS TO GIVE

Twenty-five dollars to purchase candies for the Santa Claus parade was voted by the Lions club on Monday evening.

TOWN LEAGUE IS BEING PLANNED

The Aurora-Newmarket commercial league will be divided up this year into two groups, with probably four teams in each. The local group will consist of Office Specialty and Davis Leather teams, a town team and, it is hoped, a Pickering College team.

The Aurora group will include Collis Leather and Oak Ridges. It is expected that play in the local group will get under way before New Year's. The local group will likely be called "the town league."

TEMPERATURE DROPS TO TEN BELOW ZERO

Following the heaviest fall of snow this winter, Jack Frost cracked his whip over Newmarket and district Monday morning. Local thermometers were down to ten below zero by 2 a.m. and hadn't recovered at 8 a.m. The temperature has been gradually rising ever since. Tuesday morning the thermometer said four below.

Scholars Get But 10 Days This Year For Xmas Rest

Examinations Over At High
School, Students Plan
Closing Dance

Schools close next Wednesday for the Christmas holidays. They will open again on Monday, Jan. 3, after only ten days holidays.

At the high school the Literary Society will hold a meeting on Wednesday afternoon, when lower school students will present a play. On Tuesday evening the Literary Society will hold its annual Christmas dance.

Examinations have been finished and it is hoped to have the results for the students before they go home on Wednesday.

At the public schools each room will hold a concert of its own, some rooms combining and other rooms not spending much time this year, on account of the late start, on Christmas concerts. Parents are invited to be present in any case for the closing.

The public and separate schools hockey league will start right after the Christmas holidays if ice is available.

Pickering College closes tomorrow evening when the annual school Christmas dinner is to be held. The occasion is usually marked by the exchange of joke gifts among the students via the dining-room Christmas tree.

IS REEVE AGAIN

His eleventh year in King township council will be the third as reeve for J. P. Jefferson, Glenville. Mr. Jefferson was returned by acclamation in the recent election.

The school's towering outdoor tree has been presenting a gay appearance at nights all this week.

Dog Saved His Life, Pleads Ted Bovair In Biting Case

Magistrate Orders Dog To
Be Muzzled, Or To Be
Destroyed

His police dog had saved his life and had been through many experiences with him in his travels in the north country, pleaded Edward ("Ted") Bovair in police court on Tuesday.

Mr. Bovair pleaded not guilty to a charge that his dog had viciously bitten Barbara Gilroy.

Much excitement was caused in court when both Barbara Gilroy and Barbara McInnis were called to testify. They both told what happened and gave the answers quickly and distinctly.

Barbara Gilroy stated that she and two other friends had been riding on a sleigh drawn by Mr. Bovair's police dog and that Mr. Bovair was with them. Then Barbara had gone up to the dog and patted him, saying "poor doggie". Then the dog snapped at her lip and bit her. She said the dog's name was "Buddy".

Barbara McInnis stated she hadn't seen the dog bite Barbara but that she had been with her on the sleigh.

Mr. Gilroy said when he reached home he found that her lips were torn and that blood was streaming down her face. There was also a tooth mark on the cheek. At the hospital it was found necessary to put five stitches in the lips.

Mr. Bovair told him, Mr. Gilroy said, that he was out of work, but suggested he might go fifty-fifty with paying the bills.

Mrs. Gilroy stated that she heard Barbara come screaming up the street and that blood was streaming from her face over her clothing.

Mr. Bovair said his dog wasn't vicious and that he was never let loose except when with himself. He didn't see the dog bite Barbara, but the first thing he knew about it was when she

BLIND 14 YEARS MRS. HUGHES DIES

Cheerful, and ever interested in the world about her, as it came to her through the familiar voices she knew and the unfamiliar voices of the radio, although her "light was spent" for the last 14 years, Mrs. Susannah Hughes died at the home of her son, Burt Hughes, Water St., on Tuesday.

Rev. Burton Hill of the Friends church conducted the funeral service this afternoon. Interment took place at Newmarket cemetery. She was a member of the Friends church.

Born in the township of Innisfil, she was educated at Cherry Creek public school. She was the daughter of James Burt and Ann Matthews.

She was married to Benjamin Hughes, who predeceased her, at Bond Head by Rev. H. S. Matthews. They lived at Dunkerton, and then in Innisfil, and came to Newmarket 40 years ago.

Two sons, Burt and Walter, both of Newmarket, and three grandchildren survive.

started to scream and ran up the street.

He has had the dog six years and during that time has traveled many miles with him and the dog has always behaved well, he said. Bovair stated "Buddy" was "one of the best trained dogs in Newmarket."

Mrs. Gilroy said that Mr. Bovair was making a plan for the dog, but that she would "like to make a plan for the childhood of Newmarket."

"This dog must be kept muzzled at all times and if found without a muzzle it must be destroyed at once," ordered the magistrate.

Mr. Bovair was also ordered to pay all hospital and other expenses incurred within ten days.

Story Of Making Of Davis
Baby Calf Told By
A. N. Belugin

A fascinating story of the making of beautiful colored calfskin leathers that command market in 37 countries, was told by A. N. Belugin, chemist of the Davis Leather Co., at a meeting of the Lions club on Monday evening.

Alex Fives, vice-president, presided in the absence of W. L. Bosworth, who was not well.

Mr. Belugin is a Russian and came to Canada from the United States, living in Newmarket for the last nine years. J. S. Law stated in introducing Mr. Belugin.

"The tanner's job is the toughest of all jobs," said Mr. Belugin. "The trouble is that we do not make the skins. We get them from all over the world, all made under different conditions, with different characteristics and texture. They come from the hills of New Zealand and from the Chicago stockyards. They all go in one batch and are supposed to come out the same color."

"First they are stored away in salt. Then we put them in a sodium sulphate liquor which dissolves hair. It would be good stuff to shave with, except that it has to be exactly figured when to take the skin out of the liquor. If it were left in too long it would be eaten up. The hair is not thrown away, but is used for different purposes, to make felt, etc."

"Then the hide is put in another liquor called 'bate.' This is nothing but bacteria in liquid, interspersed with soda. Again if you leave the skin too long in the liquor, it will be injured. Next we put the hide into a pickle to neutralize all the lime and to prepare it for tanning."

"The process of tanning is not really understood yet. It fills out the cells in the leather to make it tough. About 30 years ago a chemical process for tanning leather in ten hours instead of six or seven weeks with bark was discovered."

"Then comes dyeing. We use aniline dyes which combine with the leather. Then oil is put into them before they are dried. Then comes the finishing process. We use aniline dyes instead of the pigments used for cheaper leathers."

"Three checkers-up do nothing but test the colors and adjust the colors until they are right all day long. Then the polishing process takes place under a glass cylinder."

"And as the five o'clock whistle sounds 365 men pour out of the tannery."

"This address has brought us closer to the lives of our workmen," said Dr. C. E. Vandervoort, moving a vote of thanks. "Mr. Belugin has made a story of what possibly to him and his fellow workers is a humdrum existence."

W. H. Eves, seconding the motion, said that it was interesting to visit the Davis tannery and to go through the plant.

HEADMASTER'S MOTHER HEADS CITY POLL

Mrs. Joseph McCulley, mother of Headmaster Joseph McCulley of Pickering College, has been re-elected a member of the St. Thomas board of education at the head of the poll. Mrs. McCulley has been a member of the board since 1910, with the exception of two or three years of illness.

WANTS TO ORGANIZE OLD BOYS IN WEST

S. C. Fleury of Welwyn, Sask., one of the old boys of York county and the city of Toronto, living in western Canada, has issued a call to all the old boys and girls in that district from York county, to organize a York County Old Boys' and Girls' Association.

Mr. Fleury is over 80 years of age and unable to take on the duties for the preliminary work. He asks that "some of the younger migrants from York and Toronto take up the burden, so that people from that county and city may be numbered among those who recall at least once a year at a fraternal gathering, the glories of the land of their birth, bounded by the limits of York county." He would be pleased to hear from someone who will volunteer for organization work.

'36 Crop Failure Is Called Warning of Dangers Ahead

Farmers Asked If They
Want More Wild Life
In King Township

"Work has now been in progress for eight months on the preliminary survey for the King Township Wild Life Project, sponsored by Aubrey Davis, of Newmarket," stated K. M. Mayall, forester, of Kettleby, this week. Mr. Mayall is in charge of the project.

"There are still many people in the township who are uncertain as to the real objectives of the survey. The project itself aims to improve the natural resources, (woods, plants, animals, soil and water) of the township. Thus the land suitable for agriculture may produce to its full capacity, and the rest of the land will not be wasted. The present survey has two main objects, firstly to find out the present conditions in the township, and secondly to make recommendations for any possible improvements."

"The survey will therefore require an accurate estimate of the total forest lands, bushlots, and streamflow, and census of the present game, fur, fish and other wild life. It will also require a note of any serious erosion, washouts, slushing of the forest cover, overpasturing of woodlots, and other conditions harmful to the land, and not in the best interests of the farmers. Besides this, the opinion of the farmers themselves is being asked, as to the wild life situation, whether they approve of public hunting on their lands, and whether they would like to see an increase of wild life in the township."

"Special attention is being

MAY SELL GRATTAN

Newmarket's Walter Grattan, owned by Walter Blanchard, may be sold to the owner of Greyhound, the famous U. S. trotter. Walter Grattan was trotting again yesterday at Dufferin track in Toronto. This horse won a \$500 stake and the Canadian Sportsmen's Association's silver cup for the best trotter in Canada at Dufferin two weeks ago.

given to the water situation. It is well known that hundreds of wells in southern Ontario have gradually gone dry, since the ridge forests have been cut down or overpastured. A plentiful reserve of water in the land is not only essential for the growth of natural cover for birds and mammals, but is also a vital necessity for agriculture. Many farmers have remarked that in spite of more than average rainfall this spring and summer, the subsoil is still bone dry. And the 1936 crop failures were a bitter warning of the dangers ahead, if the summer rainfall is allowed to run off the land and down to Lake Simcoe and the Humber River in a few hours.

"The reforestation of bare hills and the prevention of disastrous floods in the valleys is therefore the first essential in improving this or any other land for both agriculture and wild life. A great many farmers have already shown an interest in the project and a desire to co-operate in any work done."

WARS AND REGRETS

We are getting too parochial, a reader tells us. We are paying no attention to the international affairs which may take some of our boys before long to foreign fields to die. We are becoming too much engrossed with the affairs of our own little Main St. It is a fair charge. It is months since a word concerning international problems has appeared in these columns. We confess that we get very discouraged about trying to understand European and Asiatic affairs. The war in Spain, with evil on both sides, because we know that the slaughtering of men whether they are rebels or socialists can never be righteous, still goes on. Italy declares her independence of the League of Nations and hints at a Japanese-German-Italian fascist alliance to defend "civilization against communism," while democracy feels just as uncomfortable about fascism as it does about communism. In China, Japan carries on a "righteous" but ruthless and unprovoked invasion of China and "deeply regrets" the sinking of a U.S. gunboat taking refugees to safety and the killing of a British tar. One thing we do know is that 25 years ago such incidents would have resulted in war. The pacifist thinking and preaching of the last 20 years and the revolt against war in Britain and the United States have made these countries ready to forgive and forget if regrets are "deep" enough.

N. B.'S CHORLEY PARK

The Globe and Mail prints a correction from the Fredericton Gleaner of a news story in the former newspaper concerning the closing down of New Brunswick's government house 22 years after confederation. It seems that this building is not in ruin, as the Globe and Mail was first informed, but is used by the R. C. M. P. and is neat and well-kept. Presumably as an argument against the closing of Chorley Park, the Globe and Mail quotes the Gleaner. The Toronto newspaper states: "There is this significant comment: 'It is not the physical condition or appearance of government house that is regretted in Fredericton. It is the fact that, with such a splendid building, there is no official residence for the lieutenant-governor of the province in the capital city.'"

Naturally

This is intended as a warning to Mr. Hepburn. But of what is the Fredericton Gleaner's statement "significant"? It is significant of the desire of the city of Fredericton to have more provincial funds spent within its limits. It is only natural that a city which grew in population from 6,000 in 1871 to only 8,800 in 1931, a period of 60 years, would like to see the 400,000 people of that province spending as much money as possible in the capital city. In Ontario, the capital "situation" is a little different. Of the province's 8,400,000 population over 600,000 live in the capital city, and presumably pay about a fifth of the cost of the upkeep of Chorley Park. That should make them a little more sympathetic to Mr. Hepburn's proposal to save over \$100,000 a year. The Fredericton Gleaner says that this "is not a subject of which the people of the province as a whole should be inclined to boast," but probably the weeping and wailing over the disappearance of government house 50 years ago is pretty well confined to the city of Fredericton.

1837 AND ALL THAT

The anniversary of the rebellion of 1837 has passed almost unnoticed in North York, home of many of the rebels. The Era is indebted to Mr. Edgar Bogart for calling attention to an interesting and valuable article in our files concerning the excitement in Newmarket at that time and a meeting held in Newmarket by William Lyon MacKenzie earlier in the year. It is expected that space will permit publication of this article in the last issue of The Era for this year. Some of our Liberal-Conservative and Conservative-Liberal readers, bearing some of the very best family names, may be prepared to blush when they read that their ancestors were pitchfork-carrying rebels. Even Canadian communists don't resort to force today.

IS WRONG RIGHT?

Hugh Templin of Fergus is to be congratulated on completing 19 years as editorial writer of the News-Record. Sitting down at a typewriter to write almost a page of opinion and comment every week, he has made Fergus one of the best known villages and his newspaper one of the most widely quoted weeklies in the province. Prof. Geo. M. Wrong of the University of Toronto used to tell Mr. Templin when a young chap at college: "Write your opinions while you are young, for when you grow older, you will know better than to have any." At 40 Mr. Templin writes: "And we doubt if Professor Wrong was entirely right. As you all know, we still have opinions, and we don't mind expressing them." But life begins at 40, and the Fergus editor is still young. When he is 60 he may find himself living in a world with which even editors can find no fault, no Grand River overflowing its banks, no severe frosts killing out Fergus roses (after years of rose-growing campaigning), no people starving or unemployed, no slot-machines, no continental wars, no difficult village councils, nothing worth complaining about.

Handsome Turns Detective

BY RUTH DINGMAN HEBB

"I wish we birds went in for nice, warm goleshes like the humans do," shivered Jimmy Junco, one sub-zero morning. "This weather is almost too much, and it isn't even Christmas yet. My feet get so cold in the snow."

"Chickadee-dee-dee, chickadee-dee-dee," chorled Chips, the Chickadee, happily. "This doesn't bother me, because there's enough food so far. I'm hoping the supply will keep up."

"Why, here comes Handsome, the Blue Jay!" exclaimed Jimmy. "I wonder what he wants."

"Likely he's trying to sell more news," guessed Chips. "We'll see what he has to say."

"Compliments of the season," Handsome said, as he alighted on a branch beside Chips. "How would you like to hear the news?"

"I don't know that I can afford to tell you about any food today," answered Chips. "I certainly don't want to tell you about any insect eggs, or insects or weed seeds, because I need them myself. And I'm sure Jimmy doesn't either. Is your news very interesting or is it just ordinary stuff?"

"I should say not—it's very dramatic news, and what's more, I need the business very badly," Handsome answered. "Business has been terrible the last few cold days. In fact, I'm almost sorry I stayed in this country. I had no idea it would be this cold so early in the season."

"I still wonder whether your news is worth paying for," Chips persisted. "I want my money's worth."

"Well, I was going to start off with a murder story," Handsome said carelessly. "Of course, if you're not really interested, I won't waste my time."

"Sure we're interested," Chips said quickly. "And you'll find some nice mountain ash berries down around the corner at the end of that street. And that will do for Jimmy's payment too, because he was with me when we noticed it. I don't think you'll find many other birds there, unless some have just arrived since we passed by this morning."

"Splendid," said Handsome beaming. "And now for the news. The funny part about this murder is that we don't know either who the victim was, or who the murderer was, we just suspect."

"Why don't you know who the victim was?" asked Jimmy with interest.

"Because, to put it plainly, whoever it was was devoured by the murderer."

"How do you know that?" the Jay was asked.

"Well, I'm something of a detective, you know," Handsome said proudly, "and I discovered the remains."

"I thought you said there

were't any," broke in Jimmy from the snowy ground.

"To be exact there were a few feathers and two feet, thus proving that the victim was one of my little feathered friends. I happened to find these clues over in a field out Gorham St. way. There was definite evidence that a large bird had eaten up a smaller one."

"Have you any idea who it was?" asked Chips.

"I have my suspicions," Handsome said. "You see, I've really been doing some investigating. First of all, I found signs of struggle on the ground in the snow. There were tracks in the snow, some blood and a few feathers. Then in my clever way I looked further in the vicinity and found to my great satisfaction that the murderer had taken his victim up to a fence post and enjoyed his meal there."

"I'll bet it was Butcher, the Northern Shrike, again," said Jimmy.

"I wondered if it might be, too," Handsome replied, "because he always takes away his food to devour it. However, the Shrike impales his prey on something, such as a thorn, to eat it, because his feet are not strong enough to hold it. He has only ordinary feet like those of a large Sparrow. On the other hand the Hawks have large strong feet, in which they hold their prey while they are eating it. This particular victim had not been impaled on anything, but had been taken to a fence post where it was devoured. All of which leads me to suppose that the little bird was killed by a Hawk," he went on pompously. "The tracks in the snow were those of a big bird, not the weak foot of a Shrike."

"I'm glad to know there's something weak about a Shrike," Chips commented.

"You still don't know who was murdered or what kind of a Hawk killed him," pointed out Jimmy.

"I think it was a Snowbird," answered the Jay, "because the feathers were very light in color. And I assume that the murderer was a big adult blue-gray Marsh Hawk, because there was one seen several times yesterday, skimming low over the fields searching for food. I found this out by careful investigation. I suppose he was getting desperate, what with the snow and cold, and couldn't get enough mice."

"Of course, that is only circumstantial evidence," observed Chips.

"Yes, but I'm reasonably sure," Handsome answered. "And from now on I'm going to take more interest in this detective business. I think I have a gift for it. When a Hawk or an Owl gets one of you chaps, I'll investigate the case."

"How comforting," snorted Chips. "That will ease my mind considerably."

POLICE COURT TWO FINED FOR RECKLESS DRIVING

The first case brought before Magistrate Bull on Tuesday was that of Alfred Blakey, who was charged with reckless driving. "I plead not guilty," said Mr. Blakey.

Provincial Constable Jack Munroe testified that he had been called to the scene of an accident about 8.30 on the night of Nov. 17. He found the car about three and a half miles south of Bradford in the ditch.

He stated that the car was 72 feet from the guard rail and that it had been going south. No skid marks were visible, but the car had broken eight guard-rail

posts, a right-of-way post, turned over at least twice and finally came to rest near the C.N.R. embankment.

Constable Munroe said none of the occupants of the car were present when he arrived some time after the accident took place. He made inquiries and found no one was hurt seriously. The night was clear and the road dry.

"He just didn't seem to try to make the curve," testified Munroe.

Alfred Blakey stated it was only the second time he had been over the road.

He and his two companions had gone to Bradford a short time before, intending to make a business trip to Collingwood. They decided they would return to Toronto and were going round the curve near Holland Landing when another car approached with very bright lights, he said.

Mr. Blakey said that he pulled over to the shoulder of the road and his rear wheels went into a spin on the ice and that the car went through the guard-rail and fence. He was travelling at about 45 miles an hour.

Crown Attorney N. L. Mathews, K.C., asked Mr. Blakey why he was going so fast around the curve and Blakey said he didn't think he should slow down. Blakey stated definitely that there was ice on the road.

Robert Willis, witness for the accused, said he had been riding in the back seat and that it all took place so quickly he couldn't remember what happened.

"Ten dollars and costs, or ten days, and your permit cancelled for ten days," was the sentence imposed by Magistrate Bull.

Campbell Line, acting for David Lackey, charged with false pretences, was granted a remand on condition that his client pay the expenses incurred by the complainant, Edward Wagg.

Norman Pinder, charged with reckless driving, was not present. He sent a pitiful letter about his bad luck, but it was stated that he is supposed to be a partner in a fruit business and owner of several trucks. Magistrate Bull ordered that the case proceed.

A. Shanks testified that he was driving a truck for Stiver Bros. of Aurora. The accident occurred about one-quarter mile south of the King side-road. He was travelling north, and as the road was wet, his speed was only 30 miles an hour.

The time was about 2 p.m., he said, and there was little traffic. Shanks stopped to pick up a man at Schomberg Junction and had proceeded only about 20 rods when he was hit. The truck was driven ahead by the impact and Shanks was stunned. Then he got out of the truck and asked Mr. Pinder what had happened.

Pinder stated, he said, that he had dozed and that there was no need of "calling a cop," as his truck was insured. Mr. Shanks, however, called the police, as his truck was damaged considerably. Damages were later paid by

Mr. Pinder's insurance company, Mr. Shanks said.

Provincial Constable Ferguson stated that considerable damage had been done to both trucks, but that Pinder's was the worst. Pinder's truck had skidded a distance of 121 feet, he said. Pinder told him he was "dopey" and had gone to sleep once before.

"I find Pinder guilty and impose a fine of \$10 and costs or ten days, and his permit will be cancelled for two months," stated the magistrate.

George Prosser pleaded not guilty to a charge of holding back wages, owing to both Mr. and Mrs. Frank Alloway, who had been employed on his farm. Mr. Alloway stated he was married on Sept. 8, and that he and his wife commenced working on the 9th. They were engaged by Mr. Prosser to work for \$45 a month, himself to receive \$25 and his wife \$20.

They were given a room at Mr. Prosser's home. They were engaged by the month and worked until Nov. 8. On Nov. 9, Mr. Alloway said, Mr. Prosser told them to get out and they left on the 10th. Mr. Prosser had paid them \$40 only for the first month and then had borrowed \$20 from Mr. Alloway on Oct. 20, Mr. Alloway said.

Mr. Prosser questioned Mr. Alloway and said that he told him his milking was not very satisfactory, but that he would let him know in a month if his wages were to be lowered to \$20.

Mr. Prosser stated he hired them as a married couple and that Mrs. Alloway was to do housework, while Mr. Alloway was to help with farm work. Mr. Prosser allowed them to store some furniture in his attic. He said that he told Mr. Alloway he couldn't pay him more than \$20 unless he improved.

An argument ensued and Mr. Alloway said he was leaving and asked for the money. Mr. Prosser said he told him he would have to wait until his next milk cheque came.

Magistrate Bull ordered Mr. Prosser to pay the wages due, amounting to \$70, and the court costs.

KESWICK WED 50 YEARS ON DAY OF FUNERAL

Ralph Draper, well known farmer in the Keswick community, died at Keswick on Dec. 1. He was born in North Gwillimbury township, 71 years ago. He married Minnie Rye on Dec. 4, 1877, and would have celebrated his 50th wedding anniversary on Dec. 4, the day of his funeral. Besides his wife he leaves four sons, Charles, Ross, William and John, and two daughters, Pearl, Mrs. Ralph Henry, and Hattie, Mrs. Jimmy Clark. There are 14 grandchildren.

The funeral service was conducted by Rev. C. E. Fockler at Mr. Draper's late residence and interment was made in Queensville cemetery. The pallbearers were: William Draper, Walter Draper, Alvin Rye and Vern Wellington, nephews, Archie Sedore and Lloyd Sedore.

Among the floral tributes received were pillows from the family, wreaths from Norman Lunstead, Mr. and Mrs. Ed. Norris, Mr. and Mrs. Gardner, J. L. R. Bell, Harry Hulst; flowers, Mrs. Wallace, Toronto, the Women's Institute, Mr. and Mrs. Roy Rose, Orillia, Mr. and Mrs. C. Green, Toronto, Mr. Ed. Chambers, Toronto, Leonard Link, Toronto, the Wideman family, Markham.

Out-of-town friends who attended the funeral included Munroe Mann of Detroit and Mr. and Mrs. Copeland of Newmarket.

Mrs. Draper, who is ill and under the care of a nurse, Miss Leach, is a little better.

Keswick

Rev. Mr. Fockler was in charge of both services at the United church on Sunday. In the morning baptism of children was observed, when the children of three well-known Keswick residents were christened. They were Benny Jane Donnell, daughter of Mr. and Mrs. Russell Stork, (and granddaughter of the late Mr. and Mrs. Fred Donnell); Lawrence Aylward, son of Mr. and Mrs. Aylward Marritt, (nee Jean Terry); and Donald Clarke, son of Mr. and Mrs. Neil Shortreed, (nee Doreen Fortune).

It was announced that on Friday evening the regular meeting of the Y.P.U. will be held. An interesting meeting is expected, as there is to be the annual election of officers, to be followed by a social get-together.

The anniversary services of the Sunday-school of the United church will be held on Dec. 19, when Rev. Dr. Manson Doyle will be the special preacher at both services. The children's choir will render appropriate music, and a hearty invitation is extended to all the parents and friends of the children to attend and thus show their interest in this important department of the church's work.

An invitation is also extended to all other Sunday-schools and young people's societies to attend the evening service, when Dr. Doyle's message for these workers can be shared by all interested.

The pageant, "The Light of the

World," will be presented on Monday evening, Dec. 20 by the Sunday-school, and a white gift service will be included, when all present will have the opportunity of presenting any gift, large or small for distribution in the neighborhood. A silver collection will be taken, to aid the finances of the Sunday-school.

There will be a special appeal for the missionary and maintenance fund of the church on Sunday, Dec. 26, which will be the Christmas service.

The last W. M. S. meeting for 1937 was held last Wednesday afternoon with the 1st vice-president, Mrs. Frank Marritt, in the chair. She was assisted by Mrs. O. King, Mrs. Willoughby, Mrs. Perry Winch, Mrs. Pedlar, Mrs. Switzer, Mrs. McGentry and Mrs. Vail, with Miss Joy Marritt as pianist.

The treasurer reported that the allocation had been met, after which the doxology was gratefully sung. The nominating committee presenting their report, Mrs. Fockler took charge of the meeting.

The following are the new officers: hon. president, Mrs. Fockler, Mrs. Vaughan; president, Mrs. Wm. Vail; 1st vice-pres., Mrs. Frank Marritt; 2nd vice-pres., Mrs. O. M. King; 3rd vice-pres., Mrs. Perry Winch; recording sec., Mrs. A. Pedlar; corr. sec., Mrs. Kenneth McKinnon; treasurer, Mrs. W. E. Morton; Christian stewardship and finance, Mrs. Vaughan; associate helpers, Mrs. Jud Cole; assistants, Mrs. Connell Marritt, Mrs. Wm. Davison; supply sec., Mrs. D. McGentry; assistant, Mrs. R. Fisher; strangers' sec., Miss Joy Marritt, Missionary Monthly, Mrs. Austin Huntley; temperance sec., Mrs. E. Hilborn; press sec., Mrs. Vail; pianists, Mrs. Chas. Willoughby; Miss Joy Marritt; Mission Band supt., Mrs. Retter; assistant, Mrs. Alvin Rye; Mission Band pianist, Miss Muriel Willoughby.

A hearty vote of thanks was extended all the retiring officers, with special reference being made to the very successful presidency of Mrs. Vaughan, and to the excellent way in which the treasurer, Mrs. R. Switzer, had conducted her department for over 10 years.

The second chapter of the study book, "A new church faces a new world," was very ably reviewed by Miss Joy Marritt's group. The following ladies took part in the fine poster parade, each one representing a foreign mission station of the church, with the year it was started: Mrs. Vaughan, Mrs. P. Winch, Mrs. Fockler, Mrs. Connell Marritt, Mrs. Wm. Marritt, Mrs. Austin Huntley, Mrs. Hilborn, Mrs. R. Fisher, Mrs. McGentry, Mrs. Ken. McKinnon, Mrs. Frank Marritt, Mrs. O. King played "Onward Christian Soldiers," throughout the parade.

Then followed a playlet, this being the story of the life of the late Dr. Jean Dow, who had practically given her life in marvellous work in Honan. This story was dramatized by Miss Joy Marritt, who herself took a leading part in it, being assisted by Mrs. William Marritt, Mrs. Frank Marritt, Mrs. Connell Marritt, Mrs. A. Huntley, Mrs. McGentry and Mrs. R. Fisher. Each one took their part remarkably well. It was a most interesting and instructive afternoon and Miss Marritt and her group deserve great credit for the success of the same, as it had entailed a great deal of time and work.

Mr. and Mrs. Harold Johnston (nee Hazel Lambkin), who were married recently in Toronto, were honored guests at a most enjoyable social evening at the home of Mr. and Mrs. John Smith on Saturday night. While Miss Helen Smith presented a gift of money and Mrs. Pedlar presented other gifts, an address was read to the young couple by Mrs. Vail.

The happy evening was brought to a conclusion with the serving of lunch by Mrs. Smith, assisted by Mrs. Pedlar, Mrs. Cecil Grant and Mrs. Vail.

WIFE WHO WAS CROSSANDTOUCHY

Put Himself Right With Kruschen

"I am 39 years of age," a woman writes, "yet some days I have been feeling and looking 100 years old. I would get fits of exhaustion for no good reason at all. I was not fit to live with because I would be so cross and touchy I did not seem to have any ambition to do my housework, and I was tired all the time. "Two years ago I had sciatica all down my left side from the hip. My doctor says all this is caused through my nerves. I took Kruschen and found it helped me very much. Since I started taking it I am a different person. My work seems a lot easier and I have a lot more energy."—(Mrs.) G.M. "The little daily dose" of Kruschen puts an end to tiredness and depression, because it restores the eliminating organs to proper activity by providing them with the daily reminder and daily aid that they require. Cleansed and invigorated blood is sent circulating all over the system, carrying new vitality to every nerve and new vigour to every limb.

KIDDIES TO GET GIFT

"Tell the children in Aurora that I'll pay them a visit at 3 o'clock on Saturday afternoon," K. Kringle, North Pole, H.F.B.A. (High Fuel Bill Area) told The Era on Monday.

"Tell them not to forget," Mr. Kringle, more popularly known as Santa Claus, warned. The children of Aurora and district are not likely to forget, especially since it is known that every child under 12 years of age will be given a special gift on Saturday afternoon.

A parade of the children will start from the public school grounds at 2:30 p.m. and will proceed down Yonge St. to the Christmas tree.

And for the parents of the children it is a special day too. The Era learns. Merchants will be offering special bargains to Christmas shoppers. All in all, it looks like a big day for Aurora's Yonge St., and parents and children of Aurora and district are

Charity "Draws" Decried As Breaking Down Moral Values

Charity Appeals May Foster
Gambling Spirit
Citizen Says

Editor, The Era: Few would call me a moral reformer; on the contrary many might consider me too liberal in my attitude towards such problems. However, there is one vice which is bringing about widespread demoralization today. It is the curse of gambling, and the spirit of getting something for nothing.

I do not refer merely to betting on the horses, which is only one phase of the matter, but to the eagerness with which nearly everyone falls for a "draw" of any kind.

These "draws" are now provided by nearly every kind of charitable and religious organization which pester people to take a chance in a good cause. Half truths are always more dangerous than lies and this is the subtle appeal "be virtuous by giving to charity and at the same time you may get something for nothing."

BOYS' BAND TO HOLD CONCERT ON MONDAY

The Aurora Junior Band, under the direction of Robert Moore will give a concert at Mechanics' hall on Monday evening at 8 o'clock. All are urged to attend the concert to hear the progress made by this group of young musicians. A collection will be taken in aid of the Veterans' Christmas fund.

Subscription lists have been opened at the banks for the community Christmas tree fund, so that the public will have a chance to give Santa a helping hand.

A committee composed of A. M. Fisher, P. M. Thompson, A. M. Kirkwood, W. C. King, Jas. Patterson and C. E. Lundy have been appointed assistants to Santa Claus in making arrangements for the big day.

Expenses are heavy and the committee would be grateful for a generous response to their subscription appeal. Funds not needed for the Christmas tree will be used for relief purposes.

BOWLERS MEET FOR EUCHE; DEFER ELECTION

The Aurora bowling club met at the Oddfellows' hall on Monday evening for a eucure and social evening. Messrs. H. Sisman, Wm. Morris, Irvin Watts and Harry Jones were elected a committee to arrange further social evenings.

Election of officers should be deferred to a later date, it was decided.

ADD 40 CLASSES TO MUSIC FETE

Two new cups, one for junior violin players and one for musicianship in the senior violin class, have been added to the list of awards.

An "ear-test" for those under 17, and a quick study for piano from a test piece to be selected by the adjudicator an hour before the test, are two of the additional classes.

BAPTIST S.S. PLAN SUPPER, PROGRAM

Children of the Baptist Sunday-school will hold their Christmas festivities in the church on Friday, beginning with a supper at 6 p.m.

Immediately after supper, the pastor, Rev. A. R. Park, will give a lantern lecture. Then at 8 o'clock there will be a general program of entertainment. The regular mid-week meeting on Wednesday was cancelled to permit rehearsals for the program.

The evangelistic group of the church was well received on its monthly visit to the House of Refuge on Yonge St. last Sunday. The pastor spoke on the theme of Christmas cheer, taking as his text, "I am poor and needy, yet the Lord thinketh on me."

Next Sunday morning's topic will be "What kind of a church should our church be, with the facts of the 1st century churches before us?" In the evening the pastor will preach on the subject, "Is Christian baptism a necessity?"

THIEF GETS \$35 IN LOCAL FORAY

While most Aurorans were struggling with their supper-time chops on Saturday, Joseph Mitchell, local hardware merchant, was having an entirely different kind of struggle in his Wellington St. store.

It began when, with a gun prodding his ribs, Mr. Mitchell obeyed a hoarse command and backed into the office at the rear of his store. When the merchant attempted to rush through the rear entrance, the stranger knocked him down with the butt end of his revolver, plundered the cash register and leaped into a waiting car.

Mr. Mitchell, recovering, seized his own revolver and opened fire only to have his gun jam. The thief made a \$35 haul in his grab at the cash register, but is reported to have overlooked a larger sum in Mr. Mitchell's pockets.

A few minutes previous to the hold up, the thief had entered, probably to learn the "lay-out" and had asked for the whereabouts of a local coal merchant. Chief F. Dunham, Constable Aubrey Fleury and County Sergeant Sydney Barraclough are investigating.

Local Hockey Team Takes Second Midland Game, 4-1

Third Period Rally Gives
Aurora Wide Margin
Of Victory

W. P. Mulock, M.P., Mayor Dr. C. R. Boulding, Reeve Bert Knowles and Deputy Reeve C. A. Malloy turned out to help the hockey season start in style on Tuesday night and the team showed their appreciation of the support by scoring a goal for each of them.

After battling the Midland-Penelag squad on fairly even terms for the greater part of two periods, the Aurora Jubilee Juniors solved the style of the opposition goal-keeping and hung up a 4-1 victory over their visitors.

The game, the second of a home and home series, was characterized by rugged play throughout. This became particularly noticeable in the last period when the visitors forgot about the puck occasionally in their desire to "get their man". Their failure in this respect played a goodly part in the Aurorans' win.

Aurora's first tally came when Bink bulged the twine on a pass from Wilson in the second period. An edge-of-the-net shot from Midland tied the score a minute later.

The locals kept up the pressure in the third period and were rewarded again when Wilson took the puck up the ice, coolly drew the goalie out of the net and shoved in a clean shot. Ferguson was injured and went off at this point, following Mahr, who had injured a thumb earlier in the game. Shortly after this, Wrightman had to be taken off after a crash to the ice. The next casualty was Knowles, who came off with a nasty gash on the head.

Grosskurth, on a nice play, nipped a nice goal to make it 3-1 for Aurora. Then, with two minutes to go, Mahr took the puck from Wilson to get the locals' fourth tally.

Oreholds may appropriately be delivered to all members of the home squad. McComb and Bone showed up nicely. Tunney turned in a sterling performance in the net. Knowles and Ferguson were effective every time they were on the ice. Mahr, Grosskurth, Bink, Follitt were plucky, and Wilson and Wrightman played their usual good game.

Schomberg, Pine Orchard, Pottingville and Snowball news will be found on page six.

SUTTON HOCKEY TEAM TO PLAY HERE ON FRIDAY

Hockey fans of Aurora and district will get another chance to see the squad in action on Friday night, when Sutton will meet the Aurorans in the local arena. Sutton has always been a good hockey town and can be relied upon to put a strong team on the ice on Friday night. The game starts at 8.15.

A return game with Sutton is being considered for next Thursday. On Christmas Day the team will journey to Barrie to play the junior squad there, and on New Year's Day Barrie will come to Aurora.

The local team's first O.H.A. schedule game is on Dec. 27 at Richmond Hill. The series of home and home exhibition games with Midland, Sutton and Barrie, will, it is hoped, bring the Aurorans into mid-season form before the O.H.A. schedule is advanced beyond its initial stages.

The team already has shown considerable strength and is thrilling the fans with the players' ability to "put on the pressure" for the full three periods.

VETS INTRODUCE NEW DANCE BAND

Aurora's own exponents of swing music will make their debut here on Tuesday at the Veterans' dance, to be held in Mechanics' hall.

The band is a seven-piece organization with Douglas Bilsbrough, Frank Starkey and Fred Norris on the saxophones, Buster Heisey on the piano; Fred Case, drums; Bart Simmons, trumpet, and Stanley Robinson, bass fiddle. The group plays under the name of "Auricles."

The dance, funds of which will provide Christmas cheer for the Veterans' needy, is assured popular patronage. Holders of lucky tickets will draw for ten turkeys.

At the ball game

At a baseball game a young woman asked her escort: "Why does that man behind the hitter wear such a big bib?" He explained to her that it was to keep the catcher's shirt from getting mussed when the ball knocked his teeth out.

Bill Smith, a country shopkeeper, went to the city to buy goods. They were sent immediately, and reached home before he did. When the boxes were delivered, Mrs. Smith, who was keeping the shop, uttered a scream, seized a hatchet, and began frantically to open the largest one.

"What's the matter, Sarah?" said one of the bystanders, who had watched her in amazement. Pale and faint, Mrs. Smith pointed to an inscription on the box. It read: "Bill inside."

Jubilee Celebration Planned For Aurora

Citizens Meet To Consider
How Town Shall Hold
50th Anniversary

MAYOR BOULDING LEADS

For the purpose of planning Aurora's Jubilee year in 1938, a group representing the council, board of trade and other organizations met in Mechanics' hall on Monday night.

"We will be celebrating Aurora's 50th anniversary as a town and its 75th anniversary since its incorporation as a village," Mayor Dr. C. R. Boulding told the meeting.

He suggested a thanksgiving service of all the churches at the beginning of the year. The music festival, the Orange celebration, a field day and a band competition were events which would help Aurora to celebrate, he stated.

After considerable discussion it was decided to elect a chairman and a number of committees to organize the town's program for the year.

Nominated for chairman, Dr. Boulding declined to act. It was an "old home" celebration, he declared, and he had only been in town 14 years.

"I don't think Dr. Boulding's length of residence has anything to do with his ability as chairman," C. E. Lundy observed.

P. M. Thompson, J. G. McDon-

S.O.E. DATE CHANGED

The Sons of England Christmas tree and entertainment scheduled for Tuesday, Dec. 21, has been changed to Wednesday, Dec. 22.

ald, R. C. Swerdfefer and S. C. Taylor were nominated, but withdrew, and Dr. Boulding was finally prevailed upon to accept. "If it is your pleasure, I will accept, but you will have to promise to do what you're told," he warned. "If you'll make that promise, stand up."

The crowd did a very neat job of standing up.

S. C. Taylor, J. M. Walton and Dr. W. J. Stevenson were elected as a historical committee; C. E. Lundy, R. C. Swerdfefer, J. F. Withrow, publicity committee; M. L. Andrews was made chairman of the program committee, which included Hugh Bowman and A. M. Fisher.

Mr. Andrews was secretary of the meeting and will continue as such until a permanent secretary is named.

The various organizations in the town will be asked to name representatives to act as additional committee members, it was decided.

Present plans call for a thanksgiving service, in which all Aurora churches will unite, on Sunday, Jan. 18.

Town Relief Car Helps 946 Recipients in Drought Area

Secretary Here Gets Letter
Of Thanks From
Truax, Sask.

B. G. Whitelaw, secretary of Aurora's National Emergency Relief committee, received, on Friday the following letter from Truax, Sask.:

"We beg to acknowledge receipt of the relief car, for distribution in the dried-out area here, consisting of vegetables, fruit and clothing amounting to 45,000 pounds. This car came in very good condition, and was handled with ease at our local community hall here in the village.

"We take this opportunity of extending our most sincere thanks on behalf of the relief recipients who received their donations from this committee here. No restrictions were made regarding nationality, creed or otherwise, as everyone was treated on an equal basis.

MARK 55th ANNIVERSARY

Mr. and Mrs. George H. Powell of Dovercourt road, Toronto, and formerly of Vaudor and Aurora, celebrated their 55th wedding anniversary with a family gathering on Monday.

"We have to advise you that the car served over 946 persons and we can safely say that not one recipient was dissatisfied.

"The people were very much pleased with their donations and on behalf of the recipients we again take this opportunity of thanking you for your kindness in helping the cause in our dried-out area. May we add that if at any time we can return this compliment, we certainly will do our share in helping a worthy cause, as you have done.

"Yours truly,
"Truax Voluntary Relief Committee,
"Per M. M. Jaoridity, Chairman."

"There was silence for some time, then a small boy waved his hand for recognition.

"Well, Frankie?" said the teacher.

SCHOMBERG W.I. GATHER FOR VARIED PROGRAM

Mrs. E. Carter and son, Lorne, are spending the winter with Mr. and Mrs. W. L. McGowan. Mr. Lister Dillane spent Sunday at his home here.

Mr. and Mrs. C. W. Marchant and family were Sunday visitors at the home of Mr. and Mrs. E. Marchant. On Wednesday evening of last week the people of St. Mary Magdalene's church met in the rectory for a social gathering and to honor Mr. and Mrs. Grant Dillane. During the evening an address was read by Rev. F. V. Abbott in which was expressed the deep regard that was always felt for Grant and asked that he and his wife accept the gift of a chair as a token from the people of the church of their good wishes for a long and happy married life together. The evening was spent in a social way, with refreshments at the close.

The Women's Institute met on Thursday afternoon in the club room, when Mrs. C. W. Marchant and Mrs. W. L. McGowan acted as hostesses. The president, Mrs. Schoultz, conducted the business session. Mrs. Taylor was in charge of the program and it was much appreciated. Mrs. Kay gave the current events. Mrs. G. Taylor read an interesting article on the uses of common salt.

Mrs. C. Marchant gave a very fine report on the 36th annual convention held in the Royal York hotel, Toronto, last month. There are now 1,378 branches in Ontario. Lady Tweedsmuir was one of the guest speakers and was most impressive yet simple and distinguished. Another speaker of note was Hon. Mr. Gardiner, federal minister of agriculture. This report was well written and showed much thought in preparation.

Another item on the program was a sacred song by little Miss Helen Abbott. Mrs. W. Sioan gave, in lieu of a demonstration, a recipe for date-almond squares and the finished product was sampled at the lunch hour. A guessing contest was won by Mrs. E. Smith and Mrs. McGowan. The whole program was interspersed with Christmas carols. The meeting closed with "God Save the King."

On Friday afternoon the Anglican W. A. met at the home of Mrs. W. L. McGowan. The election of officers for the coming year was the main feature. This resulted in all officers being re-elected by acclamation, except that of Secretary for Little Helpers. They are as follows: hon. president, Mrs. Abbott; president, Mrs. R. J. Hulise; secretary, Miss G. Ancey and Mrs. I. Hulise; treasurer, Mrs. V. Marchant; guild treasurer, Mrs. J. Gould; Dorcas secretary, Mrs. H. Carter; Living Message secretary, Mrs. E. Marchant; Little Helpers secretary, Mrs. G. Hulise; literature secretary, Mrs. C. W. Marchant.

instrumental selections. The
topic next Friday will be in
charge of the missionary commit-
tee.

MOUNT ALBERT WINTER WEATHER REDUCES NUMBERS

The December meeting of the Mount Albert Women's Institute was held at the home of Mrs. H. Pearson. The cold weather and bad roads made rather a small attendance. Miss E. Leek, delegate to the convention in Toronto, gave a splendid report of the same. Mrs. E. Rowen gave a demonstration on candy making in a very interesting way. Mrs. E. Davis gave a number of current events.

The roll call was answered by a donation for those sick in the community and for any needy ones. If there are any who would like to contribute to this and were not at the meeting they are asked to leave them at the telephone office. The boxes will be packed there a couple of days before Christmas.

Christmas services will be held next Sunday in the United church, when special music will be rendered by the choir and the church will be suitably decorated. Rev. R. V. Wilson, the pastor, will preach.

The concert for the public and Sunday-schools will be held in the church on Wednesday, Dec. 22, at 8 o'clock, when a good program will be given and everyone is asked to attend.

The play entitled "The Red-headed Step-child," put on by Sandford Y.P.S. in the United church on Wednesday of last week, was a good program, but on the other hand poorly attended, owing to the cold weather and so much going on, but the proceeds amounted to \$23.

Mrs. Washington Winch is in very poor health.

The home nursing course will be resumed after the new year. There was a good attendance at the W. I. meeting on Tuesday and a very interesting meeting.

The members and adherents are meeting at the home of Mrs. George Wilkinson next Tuesday afternoon to pack baskets to give Christmas cheer where it is needed.

Elmhurst Beach

Mr. and Mrs. L. B. Pollock are attending the fur show in Toronto this week.

The sympathy of the community is extended to Mrs. Ralph Draper and family in their sad bereavement and also hope for a speedy recovery for Mrs. Draper, who is so ill at present. Miss Marjorie and Mr. Harold Waldon were home from Toronto over the weekend.

Dr. Johnson of Selkirk, Man., visited his sister, Mrs. L. B. Pollock, for a few days last week.

SUTTON SKATING SEASON GETS UNDER WAY

Sutton arena was the scene of the first hockey practice for the local O.H.A. Intermediate squad on Friday night, when a large crowd of fans turned out to see Sutton's hope for the hockey honors take to the ice for the first time of the year. The ice was slightly rough, but with the playing the "high spots" soon disappeared. Don Hodge, formerly with Royal Yorks, and Don "Pepper" Macdonald of last season's Young Rangers Junior "A" team, were among the newcomers.

Some 200 attended Sutton arena on Saturday night for the initial skating of the season, when young and old turned out to enjoy one of Canada's most popular pastimes. Skaters of all ages were present, including a well-known resident of Sutton who is now in his 70th year, to make the opening night the big event that it has always been. The surrounding districts were well represented. Band music is provided by means of a combination radio and phonograph and a large loud-speaker which is suspended above the ice surface. Since Saturday night is also Canada's hockey night, part of the national broadcast is "tuned-in" for the benefit of the hockey enthusiasts, who may listen as they skate. The nights for skating have not been decided upon as yet, although it was announced that there would be skating on Christmas day and on New Year's Eve, as well as on New Year's day.

CONDUCT SPECIAL EVENING SERVICE

The service at Knox United church on Sunday evening was taken by the Sunday-school staff, assisted by the minister, Rev. N. S. Anderson.

The service was opened by the Sunday-school superintendent, J. L. Burrows, after which Elizabeth Ego, secretary, read the scripture. Pearl Ward sang a solo entitled "While Shepherds Watched Their Flocks by Night."

Jack Burnham gave an interesting address on "Why I go to Sunday-school." Harry Thompson, Bible class teacher, spoke briefly on the value of the Sunday-school to the community, citing some of his experiences in his many years in this work. Special mention was made of Mrs. Angus Ego, who has been an invaluable worker in Sunday-school work. Charles Buckley gave a trombone solo, "The Old Rugged Cross," which was followed by an interesting sermon by the pastor. After the singing of "Who is on the Lord's side" the service was brought to a close. Next Sunday evening the Sunday-school pupils will present a "White gift" service in the church.

An increase in attendance marked the second meeting of the Young People's Union which was held in the United Church hall Tuesday evening with Convener Mrs. Munroe King in the chair, assisted by Pearl Ward. The president, Charles Buckley, opened the meeting and after transacting the necessary business of the society, turned the chair over to Mrs. King who read the scripture, which was followed by an explanation of the passages read, by Aubrey Thumins. Les Burrows, a popular business man and superintendent of the Sunday-school, gave an interesting address entitled "The Kingdom of God." Pearl Ward, assistant convener, sang the old favorite hymn "Face to Face," accompanied at the piano by Barbara Holborn.

A reading entitled, "A Christmas Message," was read by B. Holborn, following which the convener divided those present into four groups and staged a singing contest. After much deliberation it was decided that two of the groups were tied. Pearl Ward gave a comment on each group and acted as judge. The meeting closed with the benediction. It was announced that next week a comic play will be presented and a good attendance is anticipated.

Mount Albert

Mount Albert Christmas market will be held on Tuesday, Dec. 21. Mrs. Andrew Hamilton and daughter, Viola, of Gilbert Plains, Manitoba, arrived in town on Saturday on a visit to her sister, Miss Tillie Dunn.

The bazaar and supper held in the United church schoolroom on Saturday under the Women's Association was a splendid success and the ladies are very grateful to all who helped to make it so. The proceeds amounted to around \$80.

The service on Sunday evening in the United church took the form of pictures and lectures on the book, "A new church faces a new world," the study book of the Y.P.S. and it proved a very interesting talk for all. This is the first of a series to be given by the minister, Rev. R. V. Wilson, through the winter and should be well worth hearing.

Mr. Frank Stokes of Toronto spent a couple of days last week with his parents, Mr. and Mrs. W. D. Stokes.

Mr. Don Leach of Toronto was a weekend visitor in town at the home of Mr. C. W. Davidson.

Mr. Roy Harmon slipped and fell outside recently and broke a bone in his ankle, and Mrs. Harold Hayes also slipped in her home and is laid up with a badly sprained ankle.

J. C. Steckley Will Superintend Ridgetown Experimental Farm

Last week's announcement by Hon. P. M. Dewar, minister of agriculture, of appointments and changes in the Ontario department of agriculture, are of particular interest to the people of York county. The many friends made by J. C. Steckley, while serving the county so capably as agricultural representative from 1911 to 1922, will be delighted to learn that Jack has received a well-earned promotion, having been appointed superintendent of the experimental farm at Ridgetown, succeeding W. R. Reek who was recently appointed deputy-minister of agriculture.

Mr. Steckley left York county in the fall of 1922 on being appointed associate professor of animal husbandry at the Ontario Agricultural College, Guelph. Taking charge on the death of Prof. Wade Toole, Prof. Steckley enlarged and developed the work of the live stock department at the college, in research and herd improvement.

Some three years ago, Prof. Steckley was transferred to Brantford to represent the department of agriculture there and this paper joins his many friends in congratulating a native son of York on his recent appointment. Mr. Steckley was born in Whitby, church township and farmed at Bethesda. His father lived, retired, in Stouffville for some years and passed away in October of this year. Many of the young farmers of today attended school with him and short courses under his direction or were members of his live stock judging

cheerful frame of mind before taking up the matter of punctuation and spelling."
